CLOSED Mondays

PONDEROSA

VALLEY VINEYARDS & WINERY

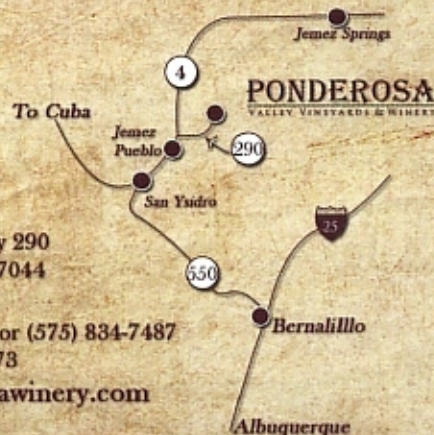

Nestled in the scenic Ponderosa Valley on the southern slopes of the beautiful Jemez Mountains, we specialize in hand crafted estate-bottled wines from our own vineyards. The vineyards and winery, 5800 ft. above sea level, are on deep well drained volcanic ash deposits, which along with our long hot days and cool nights provide the ideal conditions to develop our unique wine character. All of our wines are with 100% New Mexico grapes.

Come tour our vineyards and winery and discover how our hand crafted wines are produced for your good taste.

Conveniently located 30 minutes west of Bernalillo, just 9 miles north of San Ysidro on NM 290.
