1. Inscription Rock Loop

This is a very easy trail which is ADA accessible. The trail skirts the east side of El Morro and takes one by the pool and several hundred inscriptions by Spanish and Anglos, as well as Ancestral Puebloan people.

2. Headland Trail Loop

This loop is a bit more challenging and takes one to the top of the mesa. From here the views are amazing and one can see the Ancestral Puebloan ruin "Atsinna" or "place of writings on rock." This pueblo was approximately 875 rooms and was occupied between 1275 and 1350 AD.
